

July 7, 2013 Community Meeting

- **BY LAWS:** Committee has met, are looking at a minimal board structure of a 5 person board, meeting once a year to update the sangha on the state of the community. While the board is a legal necessity, we are not looking for an executive board as much as an administrative board. In other words, the community will still make decisions, the board will be there to make sure the background work of paying bills, making sure forms are filed, records kept, etc. are done.
- **SPRING 2014 RETREAT:** Will be scheduled the first weekend in April, April 4-6, 2014.
- Susan has been in contact with IMS, earliest we can get a teacher out in spring 2014.
