

Jan 5, 2014 Community Meeting

- Despite the weather and an email cancellation the day before, a few folks came, so the meeting was held.
- Terry Gliedt had offered to take the job of facilitating the community meetings through June. Thanks to Tom for doing it all these past months.
- IMS teacher Chas DiCapua's visit May 16-18: discussion and organizational needs planned. Most the the details are on the classes page of the site. We want to advertise in the Observer, Crazy Wisdom, Natural Awakenings. The primary word will be spread through emails to other sang has, and by our sangha passing the word along. Need someone to pick Chas up at the airport Friday afternoon May 16.
- We will not have a community meeting in April, as that first weekend is the spring retreat.
- Next month, new possible retreat sites will be reviewed. We would like accessibility, better bathroom/shower availability, at a reasonable cost.
